Mr. Chen Wei Cheng

General Manager, Rizhao Feng Hua Tools Co. Ltd, China

Dear Sir,

### **Re: Modular Scaffold Product Compliance with Australian Standards**

This is to confirm that the prefabricated modular (wedge type connection) scaffold assembly, manufactured by Rizhao Fenghua Tolls Co. Limited for Secura Holdings Pty Limited, has been tested by this laboratory following the procedures described in the Australian Standards:

AS/NZS 1576.3 App B	Load test on assembled scaffold;
AS/NZS 1576.3 App C	Load test on transom,
AS1577 App A,B,and D	Stiffness, strength, Slip resistance of scaffold plank
AS 1657 App C	Test of ledger as a guardrail

The test results suggested that the products are in compliance with relevant Australian Standards.

The scaffold system manufactured by Fenghua has been registered with Australian government authority, ie. Work Cover of State of New South Wales with Registration number PFS 6-22473/02. The registration has also been recognised by authorities in States of Victoria, Queensland, and South Australia.

I hope the information would be helpful. If you have any further query in regarding the above issue, please contact me without hesitate.

Regards

Lida Song
